# While we were yet **SINNERS**

Every day I walk through the doors of our Pregnancy Center, I am reminded that God uses the most unlikely people to change the world. In my flesh, I see the obstacles our clients must overcome to eventually land in a place of fragile stability. I see the impossibilities and it reminds me of the goodness of God, that through Him all things are made possible. I am humbled and grateful that God's ways are not my ways.

The scriptures are filled with stories of God using the most unlikely characters to fulfill His purposes. In the Old Testament we meet Gomer, the prostitute, and witness her desperately sad actions that reveal the despondency of the human heart and how we cannot fathom our value and worth to God. We also met Hosea, her husband, who is a beautiful example of God's redeeming love for His bride. We see David, the young and unremarkable shepherd boy, who defeats the giant Goliath and eventually begins the Messianic line that led to none other than God's own Son, Jesus Christ.

In the gospels, we find Jesus choosing ordinary men to do extraordinary works through the power of God. We can look at Paul, a persecutor of Christians who later becomes the most prolific writer of the New Testament.

The truth is God chooses those we overlook to do mighty things in His name. We often look past the downtrodden and weak, forgetting that in 1 Corinthians 1:27, He tells us "He hath chosen the foolish things of the world to confound the wise; and God hath chosen the weak things of the world to confound the things which are mighty." Oh, how a baby can bring you to your knees.

At The Pregnancy Center of Gadsden County, we see the unlikely people every day. We keep in mind that we are reaching out to those whom God is most likely to use to build His kingdom and change this world. Some may pause at that statement, wondering how those who come seeking our services will ever overcome their current circumstances, much less grow to be a leader and champion in their faith. From a human perspective, the thought of God choosing the poor, the desperate or those living a lifestyle opposed to God's principles is unthinkable. Why would He not choose those who look right, talk right, and act right? That would make more sense, but so often He doesn't. Think of Abby Johnson, the Planned Parenthood "employee of the year", now sharing her story and saving possibly thousands of women and unborn babies from the tragedy of abortion.

God doesn't do things our way. He chooses the unlikely to display His Greatness. His light shines through the cracks of our brokenness and it is beautiful. The idea that a great evangelist or perhaps the next person to spark a revival in America would begin their journey at a Pregnancy Center is crazy. Or is it? Let's never forget that God chooses the unlikely and improbable; because in this He is glorified. He is the Great Redeemer of my story and yours.

Ours is a ministry to the unlikely—to those God is most likely to call. It is an honor to have a front row seat to watch God's love transform the hearts and lives of the men and women we see. It is incredible to be a part of everything that happens here, because we realize we're on a mission—to reach the unlikely.

If you are interested in a mission bigger than yourself, and you sense a calling to reach the most likely in God's eyes, get in touch and may God be glorified.

From an unlikely place,

*Kimberly*

## **WALKING** out Your Faith

"To make a difference in someone's life you don't have to be brilliant, rich, beautiful or perfect. You just have to care." I love this quote because so many times we feel the prompting to take part in something but end up never taking action because we feel we are somehow not qualified. This quote sums it up well. You just have to care and that qualifies you.

If you can relate and want to make a difference in the lives of women facing unplanned pregnancy -a real difference - you can join The Pregnancy Center of Gadsden County by being a part of our Walk for Life!

We are looking for people to help us as we connect with churches in our area! If you will give us just a few hours of your time, it can make all the difference in the world for the women and men who walk through our doors. These amazing people put up posters, recruit walkers, and perhaps assist in a presentation to a Sunday School class or congregation. They help get more people involved to raise the funds necessary that allow us to continue to be a *light in the darkness*. [Call 850-539-1221 to be a Walk for Life Liaison](tel:850-539-1221)

# Celebrating LIFE

## An evening to celebrate and support life in Gadsden County

We had an incredible time Celebrating Life with everyone at our Annual Fundraising Banquet. We are so grateful to God for the wonderful turnout and for the funds raised. We had our most successful banquet yet and are thrilled about all of the new people who are choosing to stand for life in our community.

It was such an honor to have some of our state representatives join us for the evening. We heard back from them the very next day! They were so moved by what they heard they wanted to share the information with others in the legislature.

Our speaker, Anne McElhinney, was passionate and engaging as she told the story of Kermit Gosnell and how her own life was changed in the process of writing the best-selling true crime book *Gosnell* that was then made into a movie.

Thank you to everyone who helped to make this night a wonderful success!

We would like to thank all of our **BANQUET UNDERWRITERS** who made this event possible. Your support and partnership are vital to the continued growth of this ministry and lives are being changed and saved by your generous and selfless contribution to this mission.
