# THANK YOU

## *to our supporting Churches*

This month we want to say a hearty “thank you” to all of the churches in our area that have made The Pregnancy Center of Gadsden County a priority in your giving.

Some of the churches listed in this newsletter support us financially and others have provided an open door in announcing our fundraising events. All have participated in our Change for Life campaign in which we raised over \$10,000!

To all of these churches, we want you to know how much you are appreciated.

We are blessed to find that the more a church supports this ministry corporately, the more individual members get involved.

That's a win-win situation for this ministry and the women and families who come in our door.

At The Pregnancy Center of Gadsden County, we can always use a few more volunteer staff members. If you are a nurse, have a gift in administration, or if you are a good listener, we can use you.

We want people with a heart for Jesus Christ and a passion for those who need our services. Everything else will take care of itself.

# Freedom to Choose

Whenever the subject of abortion comes up, we will always hear someone say that he or she believes in the “right to choose,” as if somehow Thomas Jefferson penned something in the Constitution that all of us missed. We must never forget that rights always incur duties on another. This “right” that is so craftily presented as “family planning” demands the life of the child.

There are many things we are free to do, but that does not mean they are right or moral. Legally you are allowed to emotionally abuse and cheat on a spouse, view pornography and lie about all of it. These completely legal actions are immoral and many times destroy lives. Choice has its limits and one day perhaps we as a society will acknowledge those limits when it comes to innocent human life.

As this debate continues in the halls of Congress and in the courts, we at The Pregnancy Center of Gadsden County are reminded that we are—believe it or not—a ministry of “choice.” We believe in choice, and it does us well to remember the choices we believe are vital to this outreach.

## We choose to love

Love is a choice we make every day here, because we believe that loving our clients is a way to create a safe atmosphere so that they can make the best decisions for themselves and the children they are carrying. Love matters, and ultimately, love never fails.

## We choose the truth

Our society often runs from truth in the name of tolerance, but truth—cradled in the arms of love—is a life-changer for someone being tossed about by the winds of an emotional hurricane of hurt, rejection and anger. All of us need to hear the soft whisper of truth; it calms the storm.

## We choose faithfulness

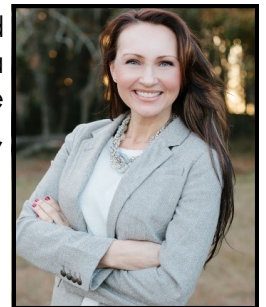

Faithfulness is a journey, carrying on when some grow weary or frustrated. In a ministry such as ours it is easy to become discouraged at times. That is why we hold fast to faithfulness, knowing that God is faithful to us in so many ways—and He never leaves us or forsakes us.

*“There are many things we are free to do, but that does not mean they are right or moral.”*

Three choices: Love, truth and faithfulness. Each contributes to the joy we see every day at The Pregnancy Center of Gadsden County. Thank you to all of you who join us in this journey through your prayers, volunteering and financial support. Each of you is making a choice, and your choice is making a difference on behalf of life and hope for those who come in our door.

We believe in choice—and these three choices are a catalyst as hearts are touched and lives are saved, one at a time.

Choosing to follow Jesus,  
*Kimberly*
